

Validation of eTiket travel documents

The passenger is required to have his/her eTiket travel document validated (stamped) by a ČD conductor or at a ČD ticket counter prior to leaving the territory of the Czech Republic, i.e. no later than before arriving at the border-crossing station or in the border-crossing station. An unstamped travel document is invalid (it will not be recognised by the foreign train personnel). Certain eTiket documents need not be validated (an electronic inspection is performed abroad); an overview is provided in the following table:

Required validation of eTiket travel documents		
Country	Daytime connections	Overnight connections
Germany	No	No
Austria	No	No
Slovakia	No	No (incl. Automobile trains)
Hungary	Yes	Yes
Poland	Yes	Yes
Denmark	Yes	No
The Netherlands	eTiket not available	No
Switzerland	eTiket not available	No
Slovenia	Yes	eTiket not available

Note:

Yes = the travel document must be validated with a stamp.

No = the travel document need not be validated with a stamp.
